

LANDSCAPER 4-3-3 LAWN SEED MIXTURE

Seed mix contains:

- 30% Kentucky Bluegrass
- 40% Perennial Ryegrass (3 Improved Varieties)
- 15% Chewings Fescue (Improved Variety)
- 15% Red Fescue (Improved Variety)

Landscaper 4-3-3 is a great sun/shade mix that will mow cleanly, tolerate limited exposure to high temperatures and low moisture, and responds rapidly to fertilization

Seed Mix Features:

- **New plantings or overseeding
- **Low maintenance
- **Poor soil conditions
- **Lightly shaded areas or where new trees have been planted

Recommended Seeding Rates:

New seeding rate: 5 lbs. per 1,000 square feet
(bare, cultivated soil)

Over seeding rate: 2.5 lbs. per 1,000 square feet

Locally blended in Akron, Ohio
