

PANGEA
ONE WORLD • ONE RYEGRASS

The Perennial Ryegrass For Every Location

▲ Field over-seeded with **Pangea GLR** and **Paragon GLR**

Pangea GLR represents more than 40 years of perennial ryegrass breeding efforts to produce the one variety that performs anywhere and everywhere in the world!

Advanced Gray Leaf Spot resistance, dark color and compact growth has put **Pangea GLR** at the top of NTEP tests, and a success for sports fields, commercial property and residential yards.

Pangea GLR can be used anywhere perennial ryegrass is adapted, and mixes well with Kentucky bluegrass, fine fescues and other perennials where a dark green lawn is the desired result.

Pangea GLR is a Blue Tag certified grass seed ideal for sports field and golf applications, including new seeding and overseeding.

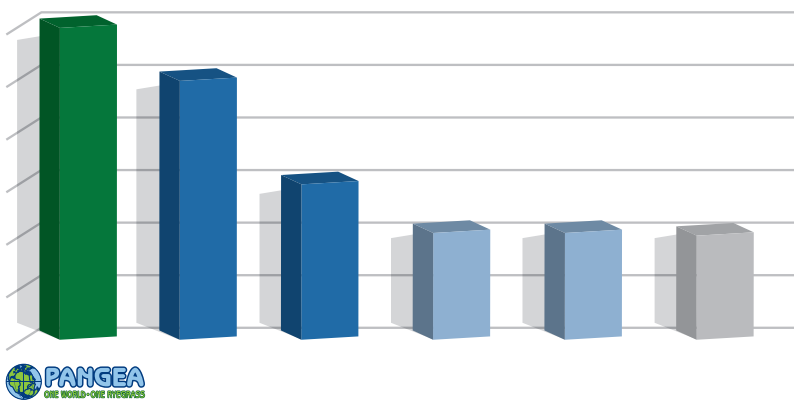

PANGEA

ONE WORLD • ONE RYEGRASS

Test after test by the National Turf Grass Evaluation Program has shown **Pangea GLR** to lead the industry in perennial ryegrass quality!

NTEP Mean Quality Ratings For Perennial Ryegrass

NTEP trials on Gray Leaf Spot resistance not only showed **Pangea GLR** to be a top five performer among Perennial Ryegrass, but also demonstrated the extremely high establishment rate of this highly adaptable turfgrass seed.

KEY BENEFITS:

- **Adaptable To Any Location**
- **Superior Quality and Color**
- **Gray Leaf Spot Resistance**

Industry Leaders

TMI develops, produces and markets turf grass seeds for the United States, North America and more than 20 other countries around the world.

Golf courses, sod growers for sod production and landscapers the world over have found TMI's cool season grasses, warm season grasses, golf grass, and specialty grasses to be state of the art when it comes to color, texture, uniformity, disease resistance and overall performance.

Our extensive network of carefully chosen seed growers produces seeds of the highest quality in the world, with high germination rates and purities that exceed official standards. Our certification, testing and quality controls continue to raise the benchmark for the entire Industry.
