Seed mix contains:
- 30% Kentucky Bluegrass
- 30% Creeping Red Fescue
- 40% Perennial Ryegrass (2 Improved Varieties)

*E Z Lawn is an all permanent mix that will produce a finer quality lawn. E Z Lawn mows cleanly, tolerates limited exposure to high temperatures and low moisture and responds rapidly to fertilization.*

Seed Mix Features:
- **Low maintenance programs**
- **Poor soil conditions**
- **Lightly shaded areas**

Recommended Seeding Rates:
- New seeding rate: 5-6 lbs. per 1,000 square feet (bare, cultivated soil)
- Over seeding rate: 2.5-3 lbs. per 1,000 square feet
