

# Straw Blankets

Made of 100% organic, weed seed free, agricultural straw fibers. Our single or double net Straw Blankets meet ODOT Spec 712.11 type A (single net) and type B (double net) for temporary erosion control. We stock the green colored netting, UV resistant, blanket for strength and longevity. We also offer, special order only, rapid breakdown photodegradable netting for areas to be mowed. And a 100% biodegradable netting for environmentally sensitive areas.
