Discover the Unmatched Elegance of L-93 XD Creeping Bentgrass

At Barenbrug, we understand the passion and precision it takes to maintain the perfect green. That's why we created L-93 XD, our premier creeping bentgrass, designed get an extra [edge on disease](#). With L-93 XD, you're not just planting grass; you're cultivating an experience that speaks volumes about your commitment to excellence.

The L-93 XD Advantage

L-93 XD™

Unrivaled Durability: L-93 XD stands up to the most challenging conditions, from heavy foot traffic to extreme weather, ensuring your greens and fairways remain impeccable.

Exceptional Disease Resistance: We know the struggle with battling turf diseases. That's why L-93 XD is bred for superior resistance, reducing your need for chemical treatments and keeping your turf healthy and vibrant.

Outstanding Aesthetic Appeal: With its fine texture, L-93 XD brings a luxurious appearance to any landscape. It's not just grass; it's the backdrop to memorable moments and exceptional sportsmanship.

L-93 XD is Designed for Sustainability

Use of L-93 XD on a golf fairway

L-93 XD is currently certified with the A-LIST (Alliance for Low Input Sustainable Turf). A-LIST is a non-profit organization that evaluates and promotes turfgrass varieties that require less water, fertilizer, pesticides, and chemicals.

Choosing L-93 XD means joining a community that values quality, innovation, and sustainability. It means choosing a partner that's as committed to the health and beauty of your turf as you are.
